Our story:

Fiber One Solutions (FOS) is an Egypt-based system integration company that was established in 2015.

FOS is a top-tier provider of IT infrastructure, networking, communications, and consulting services.

We offer complete customized solutions to meet the clients' regular and special needs, including design, installation, and superb after-sales services. Since our establishment, we have progressively extended its capabilities by dependably providing high-quality services that meet and exceed the clients' expectations.

The CEO's Word:

We have always pursued ultimate success and upgraded the quality of services we offer in a challenging way.

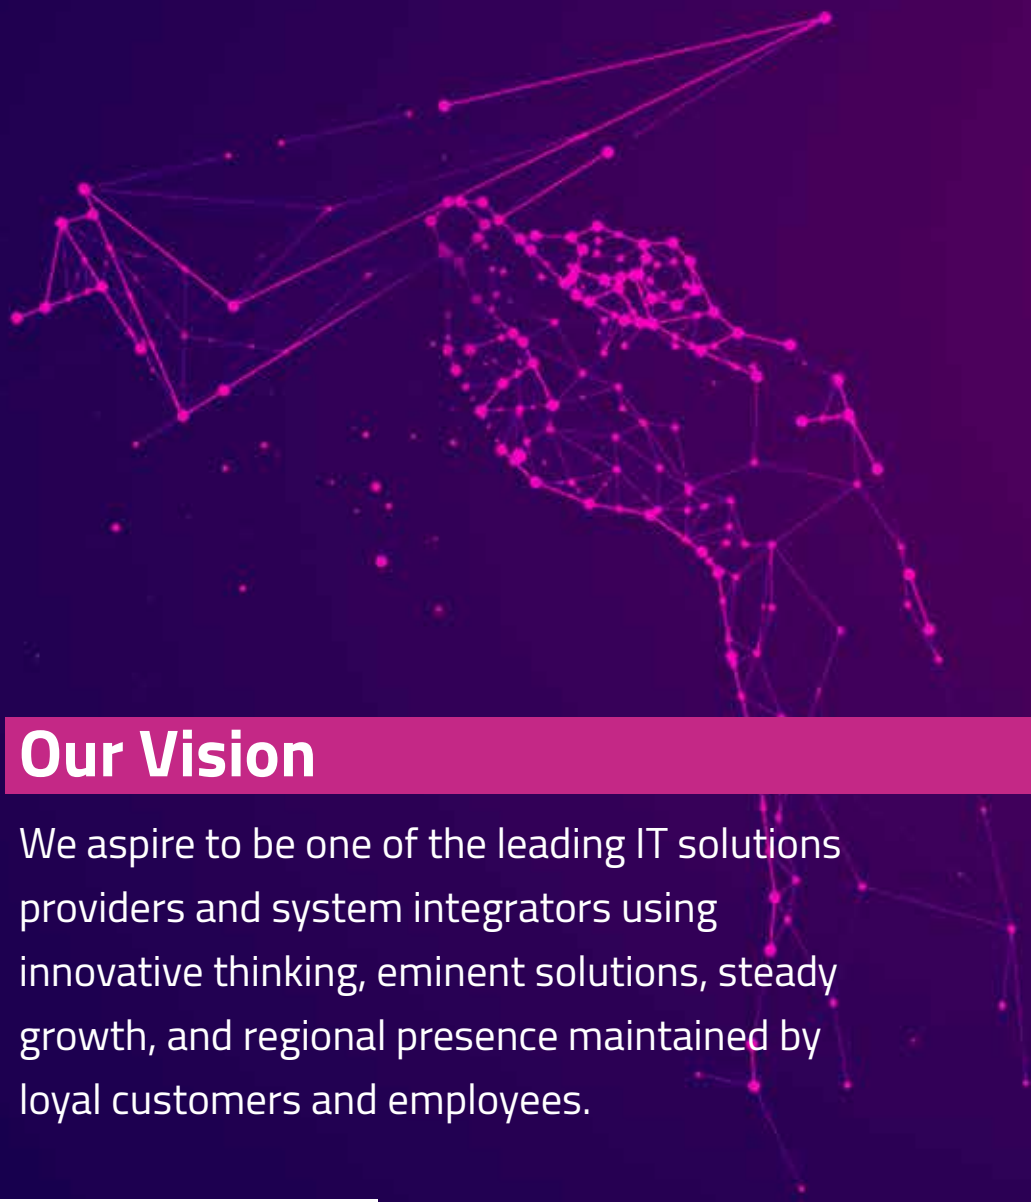

So we have worked hard to keep our performance in line with successive technical improvements.

Therefore, we strive to improve ourselves daily to maintain our leadership and satisfy the needs of our customers and support them with our knowledge through the consulting they require.

Our Mission

Our mission is to provide cutting-edge, cost-effective IT solutions that help customers accomplish their business goals and manage their operations effectively.

Our Vision

We aspire to be one of the leading IT solutions providers and system integrators using innovative thinking, eminent solutions, steady growth, and regional presence maintained by loyal customers and employees.

Our Value

We are attempting to develop an accurate model for the concept of high quality and the proper, genuine, and rational implementation of services, which serves our customers everywhere at a high and unprecedented level, contributing to the development of the standard of work in the local and global market.

OUR SOLUTIONS, PRODUCTS

FIBERONE SOLUTIONS is totally focused on delivering highly customized communication network products, solutions and services that meet and exceed customer expectations. Our portfolio includes the following:

1

Fiber optic Solutions

FIBERONE SOLUTIONS designs, delivers, installs and commissions high quality cost-effective fiber optic Network solutions.

Supported with solid, reliable and innovative products, we deliver customizable solutions geared to perform even in harsh and demanding operating environments.

Fiber -To -The Home (FTTH) Solutions

FIBERONE SOLUTIONS is Designing, Supplying and Implementing FTTX infrastructure Projects both Point-To-Point (P2P) and Point-To-Multi Point (P2MP).
